For over 20 years, Smartwood has been redefining the art of living — not just by building furniture, but by creating spaces that inspire, organize, and elevate everyday life.

Headquartered in Kuwait's Subhan Industrial Area, we are a leading manufacturer of bespoke wardrobes, custom storage solutions, modern sliding doors, and elegant interior systems that blend form, function, and finesse.

At Smartwood, every piece is the result of craftsmanship, technology, and heart. We fuse precision engineering with design sensibility to deliver storage solutions that not only fit spaces — but transform them.

VISION

Become the first choice for minimalist furniture home decor enthusiasts

Adequate storage boosts home value, whether you're building, renovating, or just seeking extra space. Smartwood storage systems are purpose-designed and tailored to your specific needs and aesthetic, providing perfect solutions for any room – bedroom, laundry, office, or living area. We believe furniture should be both functional and beautiful, offering diverse door finishes and styles to effortlessly create your ideal wardrobe."

PROJECT

We handle our projects with high consideration. Starting by collecting customer desires and needs information; to shipping the products to the customer's hands.

Project Timeline

Adjusted the room to the customized products; it could be a couple of weeks or months. However, we will not exceed the maximum limit of one year project.

Budget

Adjusted all costs to the design, the type of the furniture materials, and the theme used.

Potential Setback

We always prepare a backup plan for either every delay possibility or other obstacle while producing or shipping the product.
